A panel of expert judges will make personal visits to judge yards. Judging will be based on the following:

- Lawn or xeriscaping
- Flower garden
- Overall creativity
- Landscaping features (ponds, fountains, decks, gazebos, walkways, etc.)
- Permanent growth (trees, bushes, shrubs)
- Vegetable garden
- Overall tidiness

You will receive a score in each category. Your yard doesn't have to have all of the elements listed above because your final score will be the combined total of your six highest categories.

Entry blank (below) must be submitted by June 1, 2017.

Judging will take place by appointment during the final week of June.

You or a representative must be present at time of judging.
